

# Tiger is a specialist firm of international property advisors and chartered surveyors offering expert and totally independent international property investment support services and solutions

## Our services include:

### **International market information**

We continuously research, monitor and evaluate the performance of international property markets and offer tailored market information solutions to suit client requirements

### **Independent International Property Advice**

We provide a totally independent international property advice service encompassing market/investment analysis, finance, property management, investment/exit strategies etc.

### **International Property Search, Appraisal and Acquisitions**

We source investment / development opportunities within any specified international market to suit client brief, evaluate investment/developments opportunities and manage the acquisition process to completion

### **Property Portfolio Management**

We provide on-going investment support through our portfolio and property management services

### **International Property Disposals**

We manage the disposal of clients property on a worldwide basis

### **Investor Pool**

Our investor pool vehicle provides a turnkey market research, syndicated investment and full management solution to Tiger private clients and is unique in the market

### **International Property Investment Workshops**

We conduct intensive international property investment workshops on a regular basis at venues throughout Ireland

*'Property investment is by its nature risky, however this risk is significantly more pronounced for international property investments'*
